INTRODUCTION TO NPCG/PRIMARY CAREGIVER

INTRODUCTION:

In this interview, I will ask questions about your child, such as {his/her} weekly activities, health, and school experiences, and some questions about you and your household. The interview should take about an hour. All {mothers/fathers/caregivers} participating in the study are asked the very same questions. Occasionally, I may have to ask a question that does not apply to you or may seem sensitive in nature. Although it is important for us to get answers to all the questions we ask, if you do not want to answer a particular question, just tell me. Please remember that all your answers are confidential.
