CONF1A. During the interview, I will ask you some questions about your school, your family, your health and health behaviors, your neighborhood, and some things you may have done. There are no right or wrong answers, just tell me what you think. All teens in this study, all around the country, are asked these very same questions. If there is a question you do not want to answer, that's okay, just let me know. But I want you to know that all your answers will be private, they will not be shared with your parents or teachers or anybody else.

* This question was not used for participants in the CPRC sample because CPRC interviews were not recorded.

† This question was used without the phrase "Now that we are recording" for CPRC cases.

If at any time during the interview, you are worried that someone is near you and can overhear your answers, please feel free to ask me for a short break. I'd be happy to give you time to move to a more comfortable place and finish the interview. Also some parts of the following interview will be recorded for quality control purposes.

IF CONDUCTED IN PERSON, YOU MUST SAY TO TEEN:

We should find a place that is private, so no one can overhear us. If at any time during the interview, you are worried that someone is near you and can overhear your answers, please feel free to ask me for a short break. I'd be happy to move to a more comfortable place to finish the interview.

IF NEEDED WORK WITH TEEN TO FIND APPROPRIATE PLACE TO CONDUCT INTERVIEW.

Thank you so much for completing this interview. You've earned \$20. I'll tell you more about that in a moment. There are still a few things I need to do.

We are giving all teens in the study a phone number to a national hotline. Just in case it would ever be helpful to have someone to talk to. Do you have a pencil and paper so you can write the number down? Ready?

The number for the ChildHelp National Hotline is 1-800-4-A-Child or 1-800-422-4453. The hotline is free and is staffed 24 hours a day, 7 days a week with professional counselors.
