NOTES:

***WHEN NOT OTHERWISE INDICATED, THE MAJORITY OF QUESTIONS WERE DRAWN FROM THE CHILD CARE PROVIDER AND DIRECTOR INTERVIEWS FOR THE NATIONAL EVALUATION OF EARLY HEAD START.**

This data file associated with this survey uses the naming convention, ffcc_famsurvey_, where "*" denotes the question number (ex. "ffcc_famsurvey_a1" for "a1").

*The "-9 =missing" convention is used in this file to denote when a response is missing for a particular question/variable; the "-2=enforced skip"convention is used to indicate when the question was not required to be filled in based on a previous response. Throughout the survey, additional missing codes, such as "-1" and "-5" may also used.

*Two versions of this survey were administered (either an "October" or "May" version) and are differentiated with the variable, ffcc_famsurvey_version. Throughout the survey, codes for missing data of "-7" and "-8" will indicate if there was a differences in questions, wording, or response choice between the versions.

INTRODUCTION TO PROVIDER:

Hello. My name is _____. As you may know, (PARENT) is part of a study of parents and children called the Survey of Parents, being conducted by Princeton and Columbia Universities. When we interviewed (PARENT), you were named as the person who takes care of (CHILD). (PARENT) gave us permission to contact you and invite you to be part of the study. We are trying to learn about the different types of child care that children experience, and the experiences of people who care for young children. We would really appreciate your help. It is critical to learn from people like yourself about child care's place in the lives of children and families.

We would like to ask you some questions about your experiences caring for (CHILD). We would also like to visit you to watch (CHILD) while (he/she) is in child care. To thank you for your help, we will give you (FCC \$25/K&K \$50) at the end of the visit.

Any information you provide will be kept absolutely confidential. No information will be shared with any government agency or with any parents or other people in your community. Your participation in the study is voluntary and you may refuse to answer any questions you are not comfortable answering. We really thank you for your help, and we will be grateful for any time that you can give us.

The interview will take approximately 30 minutes. Do you have any questions about the interview?
